КРАГУЈЕВАЦ

LETTER OF INTENT

This letter is expressing intention of Pharmacy Faculty, University of Ljubljana and Medical Faculty, University of Kragujevac, to establish long-term collaboration in the fields of teaching and scientific research.

In order to increase quality of teaching at both Faculties, both teacher and student mobility will be established by separate agreement between the Faculties.

Competent professors from both Faculties will take part in process of academic staff promotion, according to decisions of both Faculties' Senates and approvals by the Deans of the both Faculties.

Pharmacy Faculty, University of Ljubljana and Medical Faculty, University of Kragujevac will work on preparation of joint research projects, and will jointly apply for international research grants, following approval of the both Faculties' Senates and Deans.

This letter of intent will serve as basis for formulation and signing of an agreement between the Faculties.

Kragujevac, 06. 06. 2007.

Prof. Albin Kristi, Ph.D.
The Dean
Pharmacy Faculty
University of Ljubljana

Prof. Nebojša Arsenijević, Ph.D., M.D.
